- **Individual Brazilian researchers** are always eligible for EU funding under the Marie Skłodowska-Curie Actions - Individual Fellowships and under the European Research Council programme.
- For **collaborative actions**, Brazilian participants have to determine themselves the sources of funding and resources for their part of the project:
 - Own funds of participating institutions
 - Funds received from Brazilian ministries, foundations and other research organizations in Brazil
 - Contributions can also be made in kind

- **Objective** Facilitate access to European SMEs to international markets through the financing of feasibility analysis or **Viability Assessment Projects (VAPs)** in cooperation with local actors in third countries in order to create the necessary conditions to incorporate innovative technologies created in Europe to those markets. The VAP does not last more than six months
 - ✓ 2 Calls
 - ✓ Total budget 7.2 M €
 - ✓ Financing: Grant 60k € / VAP (Minimum budget of the VAP 86k €)
